

Privacy & Security

Ontario Volleyball is committed to safeguarding your privacy online in compliance with PIPEDA (Personal Information Protection and Electronic Documents Act).

Secure online payment is provided by Strategic Profits Inc.'s PayPaq®; Payment Gateway. Strategic Profits Inc. was the first private company in Canada to provide secure online web transactions, and remains a leader in the industry. They have been recognized in the industry for their very high attention to end-to-end security of the payment gateway.

The OVA does not handle any credit card information through the online process. Only the processing bank online is provided with the cardholder details. The OVA is then advised of a successful transaction, and that the money has been safely deposited in our account. The PayPaq®; system protects both you and the OVA from data exposure.
